SimplyE is The New York Public Library's FREE e-reader app that makes it easier than ever to borrow e-books. It is available on the <u>App</u>

Store or <u>Google Play</u>. SimplyE makes it easy to browse, borrow, and read any eBook in your library's collection on your mobile device; no need to download multiple apps. SimplyE was created by a partnership of libraries and library consortia across the country, with The New York Public Library currently serving as lead partner. Check with your local library to find out if it offers SimplyE, or download the app now to get started reading from the SimplyE Collection.

**If you do not have a library card, you can get one through the SimplyE App! Skip to the second on "How to Get a SimplyE Library Card" below.

Quick Start Guide: Getting and Using the App

<u>Installing the App & Logging In</u>

• Search the Google Play or Apple App Store for "SimplyE." To begin using the app, open it and log in with your full library card number and PIN.

Searching & Browsing

• To browse titles: Tap Catalog at the bottom of the screen, which will display titles in various categories. Swipe from left to right to view the popular and available books in each category (tap the category titles or More... to view all books in a category). To search for a specific author or title: Tap the search icon in the upper right corner and enter the author or book name. Tap the cover of any book to read its description, or download or reserve it.

Sorting & Filtering Results

• When viewing all books in a category, you can sort by Author, Availability, or Collection. You can also sort books in the My Books and Reservations tabs.

Reading E-Books

• Once a book is downloaded, tap the Read button. Turn pages by tapping on the right or left edges of the screen. Tap the center of the screen to open the navigation bar. The table of contents can be found in the upper right corner. To exit the title, tap the back arrow (<) in the upper left corner. Tap Aa to access controls for adjusting text style and size, brightness, and contrast.

<u>Accessing New Holds & Borrowed E-Books</u>

 In the Reservations and My Books screens, tap the refresh icon in the upper left corner to check for available holds and books you may have checked out from another source. E-books downloaded with another app might not available to view in SimplyE.

Returning E-Books

 All borrowed digital titles are automatically returned at the end of their lending periods, so you never have to worry about late fees (exceptions include titles in the public domain, which can stay on your SimplyE bookshelf indefinitely). To return a title early: Go to My Books, tap the title and tap Return.

How to Get a SimplyE Library Card

• Follow the instructions below for "How to Log In with Your Library Card." On the screen that asks you to enter your barcode and PIN, there is a link below those fields that says "Sign Up." Tap that link and follow the instructions on your screen.

Note: you must be within the borders of New York State when you are applying in order for the application service to work.

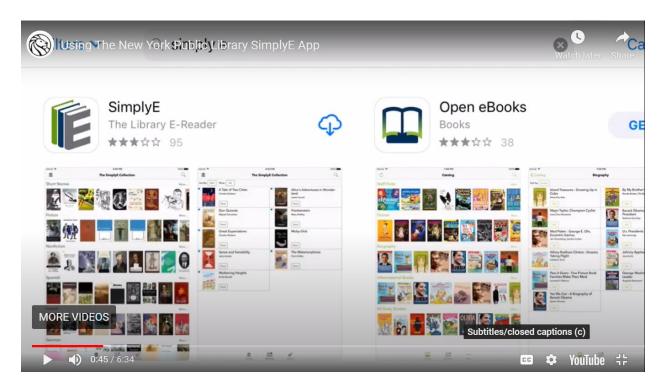

<u>Get Help</u>

• Go to More/Help in the SimplyE app, or contact your local library.
